**\*\* FOR MOST UPDATE-TO-DATE INFORMATION AND CURRENT EVENTS, PLEASE CHECK OUT OUR WEBSITE:**

**[WWW.FAYETTEVILLENY.GOV](http://WWW.FAYETTEVILLENY.GOV)**

We had such a successful summer season, I'm excited for fall and its outdoor activities. This is the first year I can remember where the weather cooperated with all of our village events! I want to thank everyone for supporting this year's village summer events: Symphoria had a record crowd this year, and our Fayetteville Festival included over 30 different vendors and had an incredible turnout; all three "Party in the Plaza" events went well as people were excited to get out and enjoy great music, food and friends; our Jazz Fest concert was so successful that we already have musicians asking to be part of next year's Jazz Fest; and the Movies in Beard Park were an overall success and enjoyed by all that came, though we learned that we may have to change the nights. All this wouldn't be possible without the help of our village staff, DPW, clerk's office, Fire/EMS, Chamber of Commerce, Recreation & Senior Center. I cannot thank them enough. And to you the residents, thank you for supporting these events. They would not be possible without you either. Our hope is to make these events something we all can enjoy and look forward to year in and year out.

One of the biggest upcoming projects we have is our new garbage and recycle pickup program. Many villages, towns, & cities have gone to this new system. We are listening and learning from other communities and will do everything in our power to make sure this goes as smoothly as possible. We are working on the details to make this roll out as easy as possible while continuing to maintain our long-standing tradition of having one of the greatest DPW services in all of New York. Please stay tuned for more information as we continue with the planning and logistics process of this new program.

We are fortunate to have a vibrant village with many activities, programs, initiatives happening every day. Not only do I want to thank all our dedicated employees for making this happen day in and day out, 7 days a week, 24 hours a day, I wish to thank our incredible volunteers who dedicate their time and talent to making our village so special. Fall is truly a special time of year in our village. Enjoy, and thank you again for the honor of serving as your mayor! *Mark*

## Some Future Changes for Garbage Pickup to note:

- BULK Items will require scheduled pickups, and a Fee may apply;
- Hardfill and Building Debris will be scheduled pickups;
- Your weekly pickup day may change;
- There will be two pickup days: one day for trash, one for recyclables.
- Each residence will receive two 96-gal totes, one for trash, one for recycling;

.....  
Please know that there will be  
Informational Meetings scheduled soon,  
dates TBD.

**Please note:**  
**November will be dedicated**  
**to leaf pick up only.\***  
**No debris pickups will take**  
**place during the month of**  
**November.**

(\*Leaves, trash & recycling that is)

Keep in mind the Codes Dept is a valuable resource to guide you on any upcoming projects, big or small. Please remember to contact Mike Jones with any questions.

## Want to learn more about Climate Change? Join us for our Renewable Fayetteville Workshop Series!

Renewable Fayetteville is hosting a series of workshops throughout the Village to help educate residents on climate change and inform them of what they can do to help mitigate their impact. If you want to see a topic discussed, let us know and we will add it to our list of workshop topics!

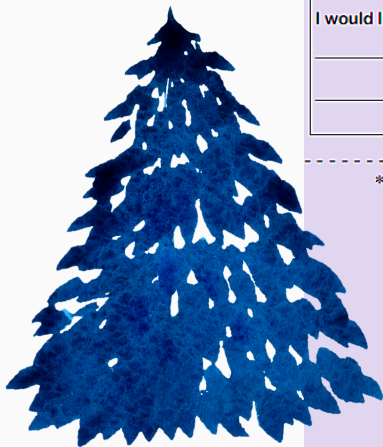

Our first workshop will be held at the Fayetteville Free Library on October 26th from 6-7:30pm. Dr.

Hilary McManus will be presenting "Creating a Sustainable Future", a presentation on how climate change is impacting the world and Central New York, followed by a brainstorming session to identify actions we can take on the individual, community, and government levels.

**Tree Lighting Ceremony**  
**Nov. 24 @Firehouse**  
**6 - 8 pm**

## REMINDER

Please help keep  
FIRE hydrants  
accessible!

Keep them clear  
not only of snow  
but also of any  
brush so the fire  
dept can easily  
access if needed.
